## Solo Microwave Oven with Healthy Cooking, 23L

SAMMS23F30ITAS  
**£58.49**  
Silver

SAMMS23F30ITAK  
**£58.49**  
Black/silver

- Convenience to reheat, defrost and cook ready meals
- 23 litre capacity
- Microwave power: 800 watts
- Triple Distribution System
- Evenly cooked food
- Healthy cook functions
- 20-Preset cooking modes
- 6 Power Levels

### Cooked to Perfection

Achieve perfectly cooked dishes every time thanks to the Triple Distribution System - microwaves are delivered via three slots in the oven cavity for broader coverage and more accurate heat distribution.

### Cooking from Fresh Ingredients Made Simple

Replace ready-to-heat convenience foods with healthy homemade meals thanks to the Samsung solo microwave oven. With 20 pre-set cooking modes, you can prepare fresh food in minutes.

### Keep It Clean with Ceramic

The Samsung solo microwave oven features a smooth ceramic interior that is easy to clean and won't scratch or discolour over time. The anti-bacterial and scratch-resistant interior is made to last.

## with Heat Wave Grill, 23L

**SAMSUNG**

Ceramic Enamel Interior

Microwave Heating

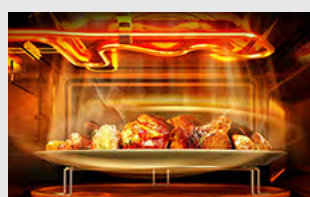

Grill Function

- 800 watts • 23L capacity • Heat wave grill • 6 Power Levels • 15 Pre-programmed cooking options • Auto defrost
- Keep warm function • Eco mode • Deodorisation
- Child lock • Includes grill rack

SAMMG23K3575AW

**£98.74**

### Heat Wave Grill

The Samsung Heat Wave Grill system prepares perfectly grilled food. Its Triangulated Heat Technology uses a grill, heat reflector and fan circulated hot air to cook quickly and evenly and Heat Wave Auto simplifies settings.

### Browning Plus

The Browning Plus function achieves the ideal texture and colour for your food, so it looks and tastes delicious. It increases the cooking time by 30 seconds to brown and crisp food exquisitely with the grill heater.

## with Dough proof/Yogurt, 28L

**SAMSUNG**

Ceramic Enamel Interior

Microwave Heating

- 1400 watts • 28L capacity • 6 Power Levels • 15 Pre-set cook modes • Fermentation function • Deodorisation setting • ECO Mode • Child safety lock • Includes wire rack

SAMMC28H5013AS

**£98.74**

### Homemade Yoghurt Anytime

Enjoy making your own dough or yoghurt anytime with this microwave's Fermentation Function. It uses advanced fermentation technology to set just the right temperature, providing your family with even more options for delicious fresh meals for breakfast, lunch or dinner.

### Banish Food Odours

Simply select the Deodorisation setting to force interior air outside to dissipate. This feature quickly eliminates any bad smells so your food tastes as fresh and delicious as intended.

Sensor

## Eco Mode

ECO Mode significantly reduces energy consumption with its low standby power. When you're not cooking, the power used to maintain essential functions is minimal, saving you money on electricity bills.

## New faster cooking

Hot Blast™ technology is a new method that reduces cooking times significantly. Powerful hot air is blown through multiple air holes directly onto food, so it's cooked evenly with a crispy outside, but juicy inside.

## More even grilling

Unlike conventional grills, a Wide Grill lets you cook food more evenly by improving coverage up to 99%. With a more consistent heat distribution you can enjoy perfectly grilled and browned food every time.

## More space for bigger plates

Cook on a much larger scale with the large turntable. Despite its compact size, the internal dimensions have been increased, so the turntable is even wider, measuring 345mm. Enabling you to cook larger plates of food.

## Enjoy healthier fried food

Enjoy healthier fried food without a deep fryer. SLIM FRY™ technology combines a grill with warm air circulation, so food is cooked crispy inside and out using only a touch of oil. Leaving no greasy pans or splatters!
